The image shows a laptop screen with two windows open. The left window is a terminal or log viewer displaying a series of GPS location logs. The right window is an IDE interface for Espruino, showing a file named 'itracker.js' with the following code:

```
const toB64 = u8 => btoa(String.fromCharCode.apply(null, u8));
const fromB64 = str => atob(str).split('').map(c =>
c.charCodeAt(0));

const tracker = require("iTracker");

/*
 * Returns the current location
 *
 * turn on gps
 * if we get a fix, wait 5s then send that
 * if we don't get a fix after 30s, return null
 * turn off gps
 */

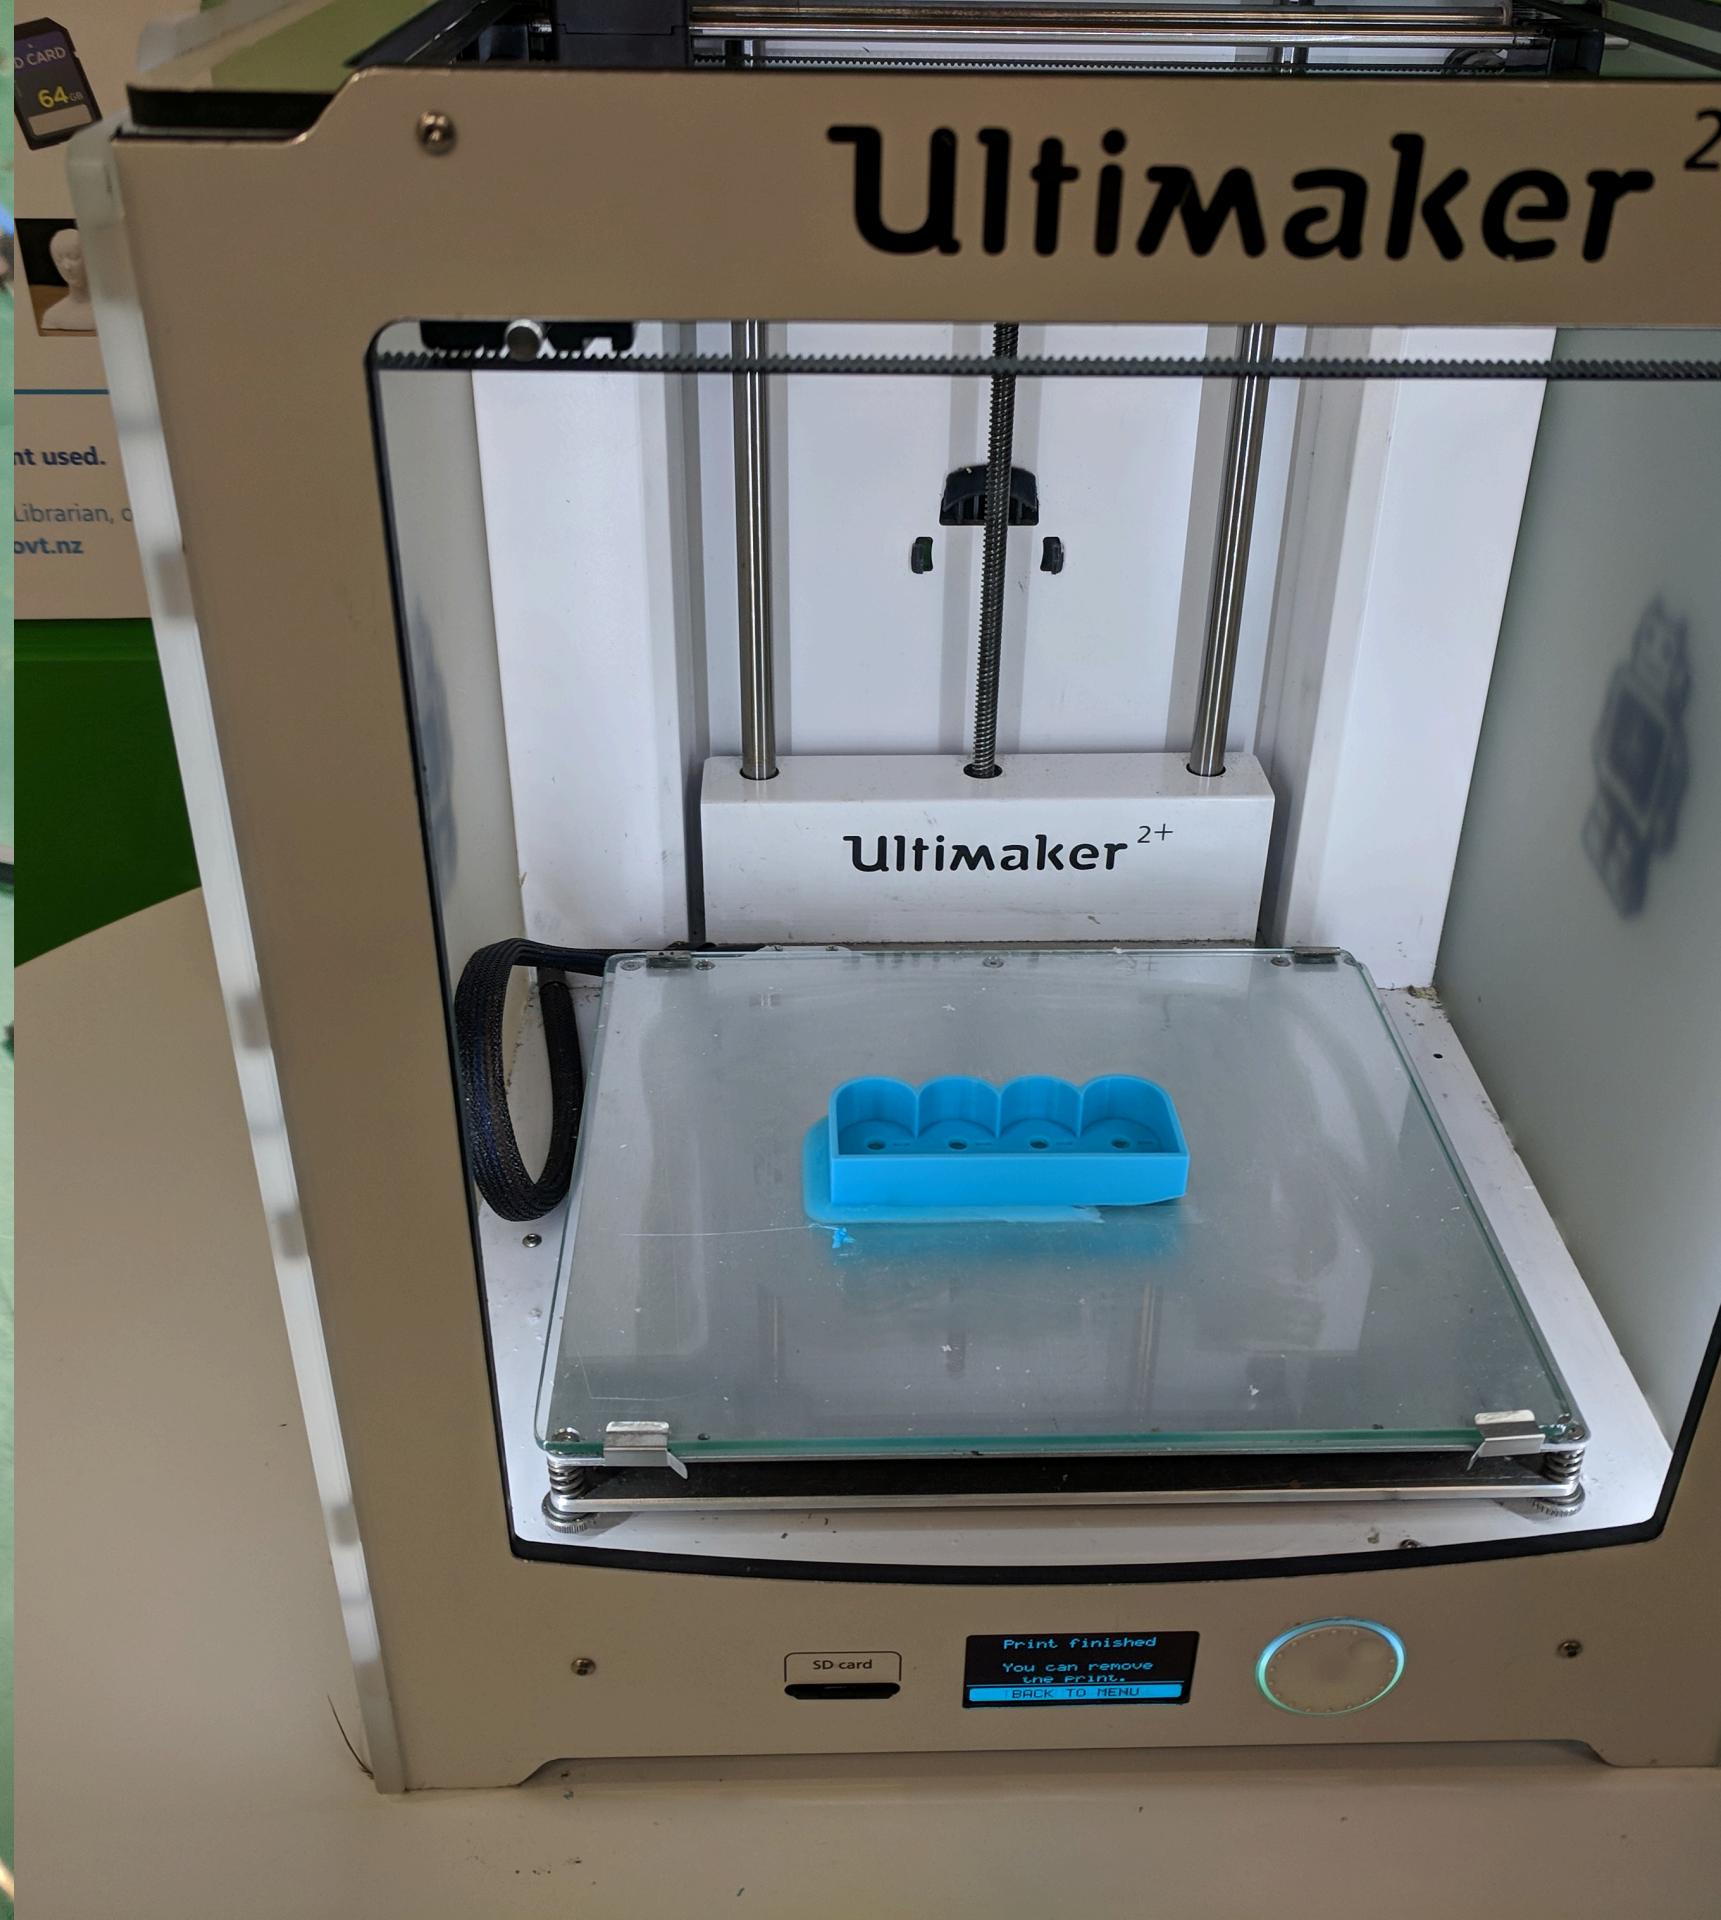

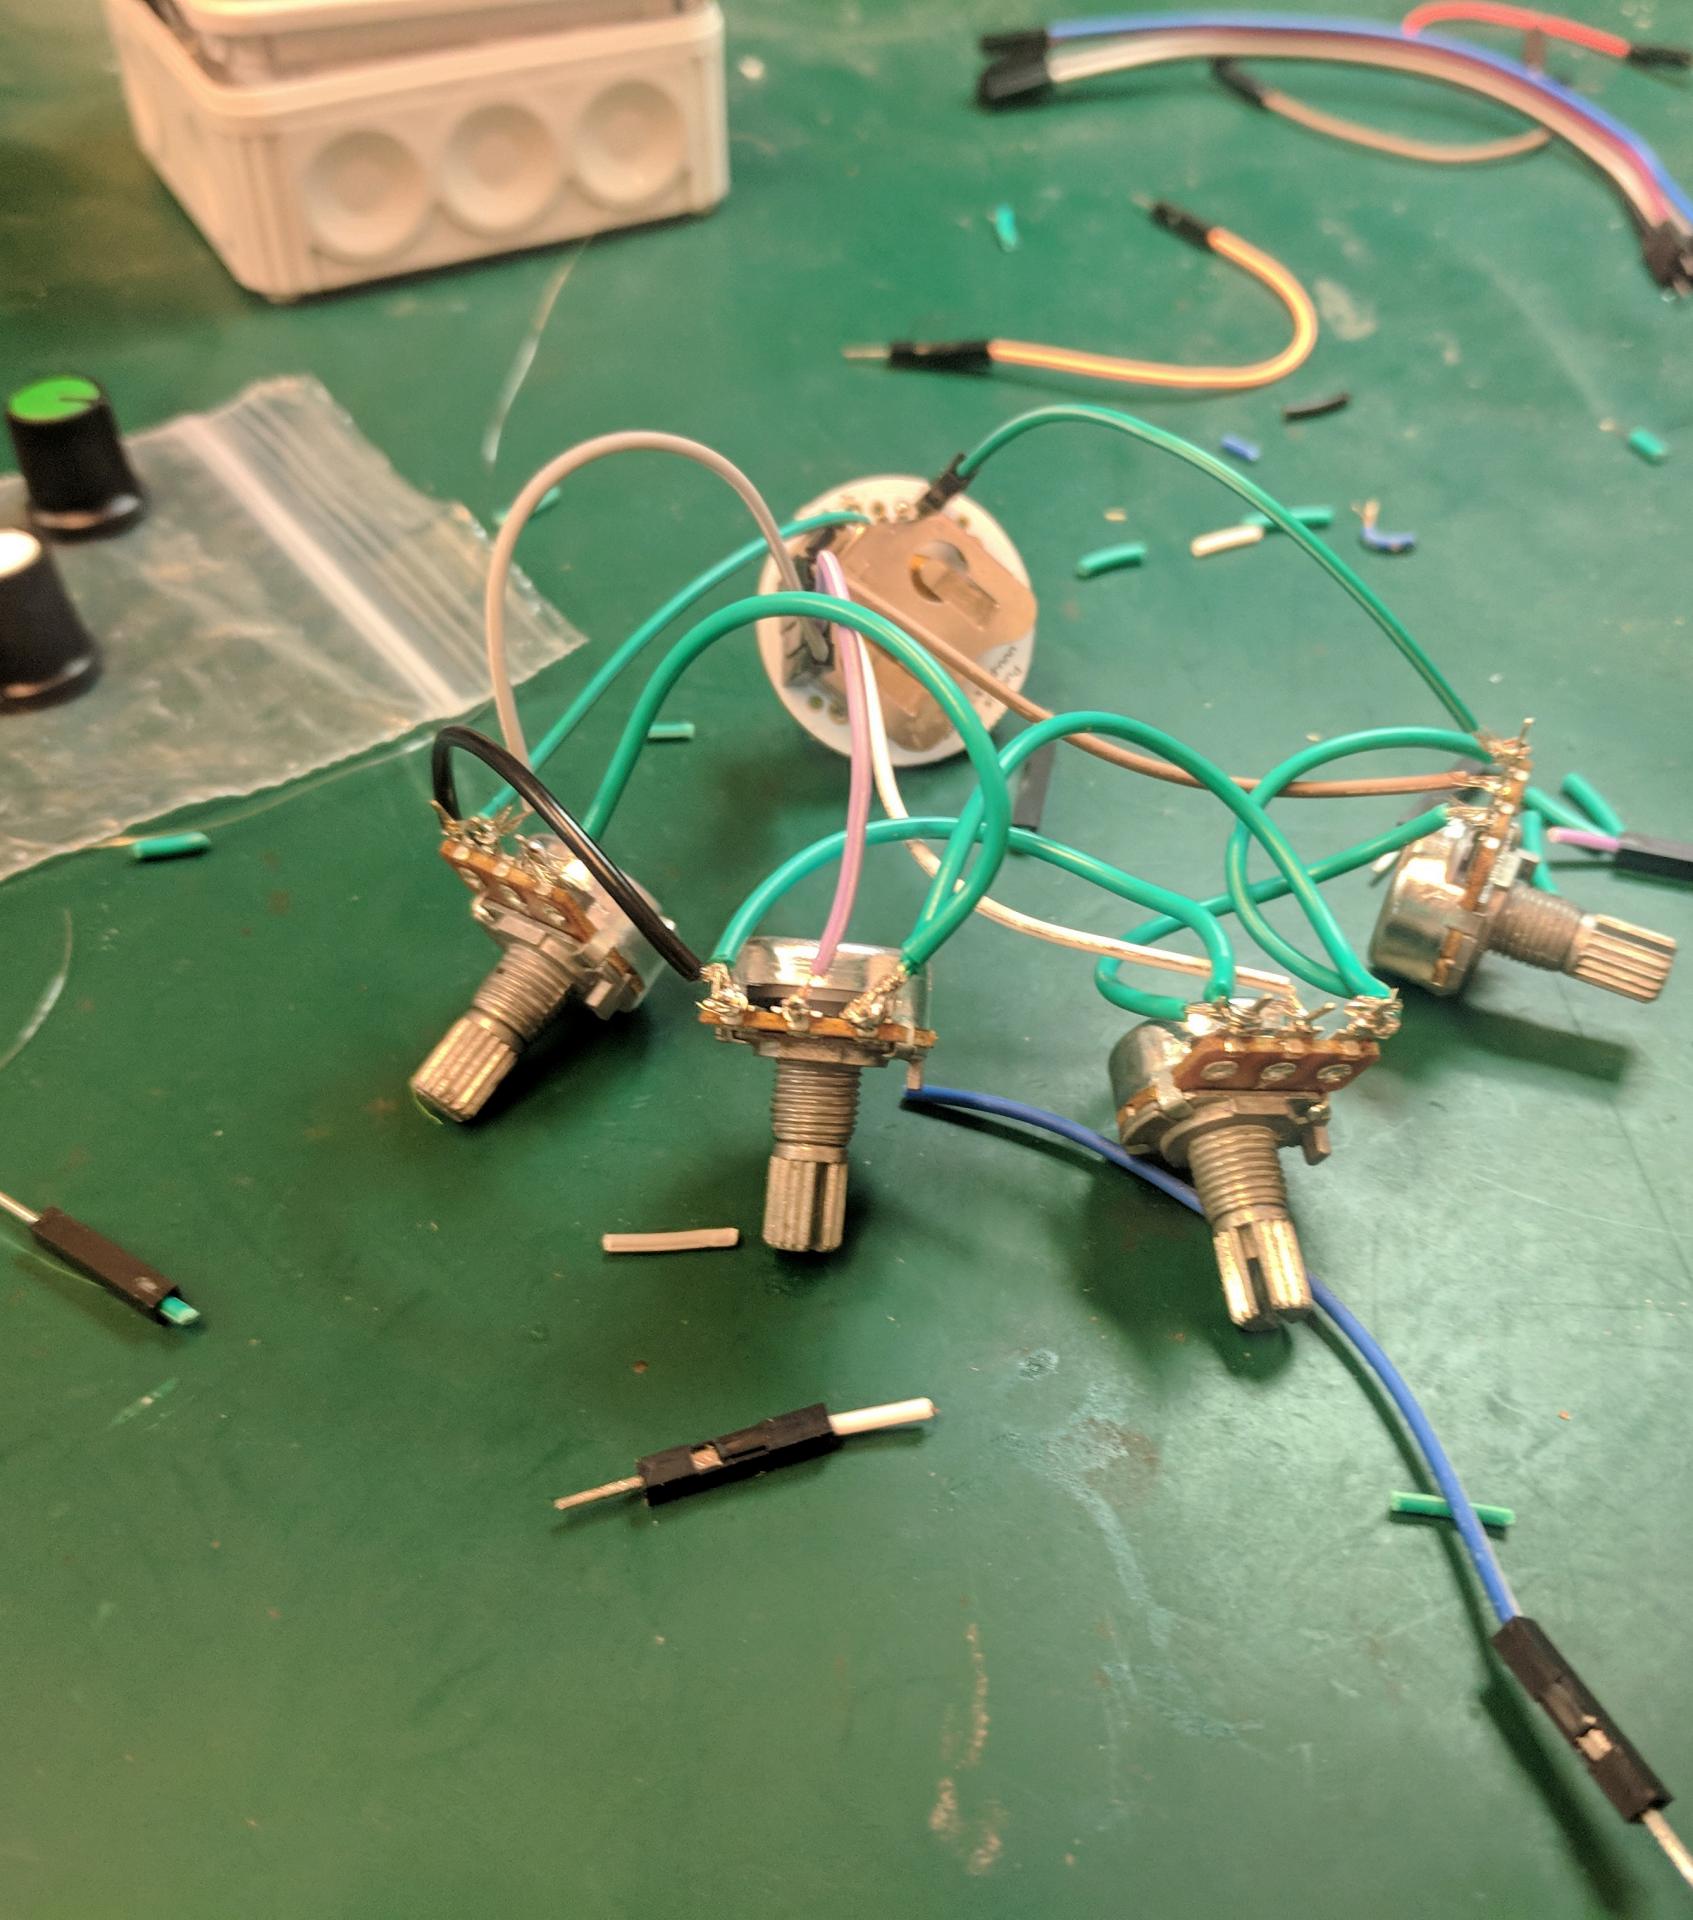

function locate() {
    return new Promise((done) => {
        let position = {};
        let max_timeout = setTimeout(done, 120000, position);
        let fix_timeout;

        tracker.setGPSOn(true, (data) => {
            position = data;
            console.log(data);

            // we have a fix, wait 5s for it to find any other satellites
            if (data.fix && !fix_timeout) {
                console.log("we have a fix");
                clearTimeout(max_timeout);
                fix_timeout = setTimeout(done, 5000, position);
            }
        });
        .then((value) => {
            tracker.setGPSOn(false);
            return value;
        });
    });
}

module.exports = { locate };
```

The screenshot shows the homepage of the Oxbotica website. The header features the company logo 'oxbotica' with a stylized 'o', followed by the text 'Universal Autonomy | Oxbotica'. The navigation menu includes links for 'ABOUT US', 'WHAT WE CAN DO', 'INSIGHT', 'CAREERS', and 'CONTACT'. Below the header, a large, bold text 'ANY VEHICLE' is displayed in white and teal. Underneath it, the words 'UNIVERSAL AUTONOMY' are written in a smaller, orange font. A blue button labeled 'START YOUR JOURNEY' is positioned at the bottom left. The background is a dark blue gradient with a network of glowing teal lines and dots, suggesting a complex system or data flow. At the bottom, there are links for 'PRESS', 'PRIVACY POLICY', and 'COOKIE POLICY', along with social media icons for Twitter, LinkedIn, and YouTube. The footer contains the copyright notice '© 2019 OXBOTICA'.

ABOUT US WHAT WE CAN DO INSIGHT CAREERS CONTACT

We are powered by our people.

At Oxbotica we take great pride in our team. We are creating a space where everyone is welcome, heard, and celebrated for their strengths. We're driven by challenge and a commitment to make our employees experience as dynamic and rewarding as we can.

Together, as we build a global business, we are steered by our experience, insight of an entire team and guided by strong and approachable leadership.

We support a healthy work-life balance, offering flexible working and plenty of social engagements open to the whole team. We regularly share our vision, targets and company updates with everyone, including remote workers, because we believe that an engaged workforce is more productive and positive.

As we grow internationally our values and culture
